L. A. SATO POSTS HIS COIN

Now Looks as if the Jiu-Jitsu Catch-as-Catch-Can Match Will Come Off.

It begins to look as if that jiu-jitsu catch-as-catch-can match will come off after all, and the question of which is the better system for making another "clow cry enough" will take place as per schedule. Louis A. Sato, who is engineering the deal for an expert from San Francisco, called at The Herald office last night, anxious to show that he is still of the opinion that his jiu-jitsu man will win. Robinson quit, posted a forfeit. Robinson was notified and said he would post his forfeit today. Then it will be on to the fray.

Sato says he has simply been waiting until he heard from San Francisco, and while he has not yet completed all arrangements, he is confident that he will be there. Robinson is training for the event, and unless something unforeseen happens, there ought to be a warm time in the near future.

WILL INVESTIGATE HAZING

School Board to Inquire Officially Into Acid Treatment Given High School Freshmen.

Ogden, Feb. 3.—The recent hazing of high school freshmen by members of the upper classes was discussed last night at the meeting of the school board, and a meeting has been called for tonight to further investigate the matter. At this meeting it is expected to have a number of those who committed the offense as well as a number of the victims present. Likewise a number of men and women who signed a protest, and a request that the board investigate the affair.

It was this request signed by Mr. and Mrs. George J. Kelly and about a dozen others that brought the matter officially before the board last night. Although the board had already prepared to look into the matter, the subject was discussed at length by the board members. The facts of the case were given by Principal George Thomas and Superintendent Allison. The facts were that a number of the freshmen were treated with acid, and the board and the outcome was the calling of a meeting for tonight. It was reported that the freshmen who were hazed have not suffered to any extent and that the acid treatment was so mild that it was smeared on their faces, is rapidly disappearing.

Robinson purchased Gentle Harry at Boise last fall at the close of the Boise meeting. At that time he selected his well known pacer, and picked up a string of runners, which he took to California.

His nearest opponent is Conklin of Chicago, who has played in only two games, both of which he has won.

ARMOURS THE WHOLE THING

Private Car Line Gets More Out of Shippers Than Railroad Companies.

Washington, Feb. 3.—E. H. Ferguson, of Duluth, Minn., representing the retail and shippers' association, today charged the railroad companies with discrimination by the railroads in the interest of the Armour private refrigeration line company, saying that the charges of that company were often double those of railroad lines themselves. This, he said, was due to the exclusive contracts which the Armour company had been able to procure and he asserted that the organization and success of the line had been traceable to those contracts. In reply to questions, Mr. Ferguson expressed the opinion that the railroad officials were interested in the private companies, but that the railroad companies themselves secured no benefits from the arrangement with the companies.

Yes, mother's got the rheumatiz. As I told you in my last issue, it's not the first time, either.

For she's had it in the past. The first time that she took it. It wasn't so very long ago. And though it didn't amount to much, she convalesced quite slow.

The next time that she got it. She realized the fact. That something was got you it. It is no light attack. So she began to use Dr. Williams' Pink Pills for Pale People. And she and her mother and so forth. From this and that drug store. Of medicine and more.

Well, as this was just a starter. She got better very soon. But for all that she realized. Good health was got you it. But now as she gets older.

The attacks come much more frequent. So she's now the thing to face.

Of course, one neighbor knew it all. And she told her mother. In easy reach, but best of all. Was "Reckless Amalgam."

Another said "Whitehall." And she told her mother. "Be sure and use Reckless."

Another knew that "Lister's Crown." "Five Drops" or "Old Brown's Pills." With other men advised her to take of \$30 for the month of January below.
